

WERNER RASPOJNIK

EXECUTIVE CHAIRMAN

I believe that execution is everything and if you drive the job hard from day one, you've got time to focus on quality and still deliver on time with a great result.

Qualifications

Bachelor of Engineering
Registered Engineer of Queensland
Builder (Open)

Professional Memberships

Engineers Australia

THE RASPOJNIK NAME IS SYNONYMOUS WITH SPACEFRAME AND WERNER AS EXECUTIVE CHAIRMAN IS PERSONALLY COMMITTED TO ENSURING THAT THE BUSINESS DELIVERS WITH A SHARP FOCUS ON INTELLIGENT DESIGN AND CONSTRUCT SOLUTIONS.

Since founding Spaceframe in 1982, Werner has developed a range of sophisticated systems that continue to evolve in line with new technologies and are today recognised as one of the cornerstones of Spaceframe's success. With broad international experience, Werner is also able to apply a big picture view of the industry while using his extensive knowledge to position Spaceframe as a market leader with a reputation for quality and client value. Spaceframe's extensive list of repeat clients is the evidence of its success in delivering value for its clients over the long term.

Werner understands client's vision and defines their requirements with precision. He then pushes planning, designs and execution to ensure the vision is achieved. His industry know-how, experience and influence allow him to work closely with the authorities to expedite processes and encourage efficient outcomes.

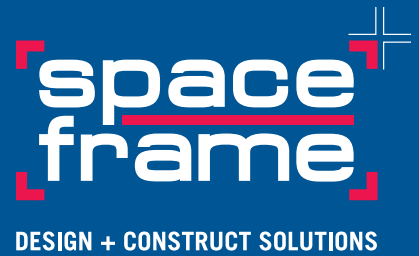

As the Executive Chairman, I am personally committed to ensuring that as a team, we continue to deliver better designs, better timeframes, better finishes, and a better client experience that will always set us apart from industry peers.

PETER RASPOJNIK

JOINT MANAGING DIRECTOR

Personal ownership makes a huge impact on what we are trying to achieve, and taking it personally with every project has proven to be my formula for successful outcomes over the long term.

Qualifications

Bachelor Applied Science (Construction Management)
Builder (Open)

Professional Memberships

Queensland Master Builders Association
Urban Development Institute of Australia
Property Council of Australia

I treat every building as if it was my own from start to finish, from pricing to operation. I want quality but not gold plated and I want it to work. If we can't deliver those things then there is something wrong and we are not doing our job.

PETER BRINGS EXTENSIVE CONSTRUCTION INDUSTRY EXPERIENCE, INSIGHTS AND ENERGY TO HIS ROLE OF JOINT MANAGING DIRECTOR.

He plays a hands-on role in overseeing and coordinating every step in the concept to completion cycle while managing the company's workplace safety and quality programs. He is known for his quick, thorough and genuine approach to every aspect of the design, pricing, construction and delivery process, along with his razor sharp focus on cost-efficiency and value.

Peter has an acknowledged track record in taking a client's concept and translating it to a successful project outcome. His capacity to think flexibly, combined with his proven ability to lead a competent and committed team of design and construction professionals has won significant respect from colleagues, clients and industry peers. Peter recognises the benefits of a strong collaborative approach across multiple disciplines and makes a point of staying closely connected to all stakeholders and everyone on the project team.

Peter's no-nonsense approach and sense of urgency align with high levels of care and personal accountability for the best outcomes. And when something is not right, his abiding mantra is 'call it how it is, fix it immediately and make it right'.

JANE RASPOJNIK

JOINT MANAGING DIRECTOR

Quality systems and well managed procedures are the critical platform on which to build effective support for the design and construction process. I use my extensive legal and accounting experience to ensure Spaceframe's administration function continues to be maintained at best practice levels and beyond.

Qualifications

Bachelor of Laws
Bachelor of Business – Accounting
Graduate Diploma of Legal Practice

Professional Memberships

Queensland Law Society

My approach has always been to create a work setting where everyone feels comfortable, confident and willing to jump in and get the job done. It's an approach that aligns perfectly with the Spaceframe way.

JANE IS ONE OF THOSE RARE INDIVIDUALS ABLE TO EMBRACE THE BIG PICTURE WHILE MAINTAINING CLOSE ATTENTION TO EVERY DETAIL.

She is a natural in the administration leadership role, and with her warm and engaging manner, Jane thrives on organising, coordinating and managing on multiple fronts for the best possible outcomes for both the business and its clients.

Jane is known for her capacity to think quickly and flexibly and for her fearless focus on solving problems, getting results and value adding at every step along the way. From the approvals process through to final client hand-over, Jane ensures effective processes are in place, that performance is monitored and measured and lessons learnt are continuously captured and converted to best value for the client.

BILL O'FLAHERTY

GENERAL MANAGER

DESIGN + CONSTRUCT SOLUTIONS

I combine a careful focus on the overall goals of a project with flexible and lateral thinking when it comes to changes along the way, be that in timing, cost or construction techniques. I find that this approach and an open mind to new ideas always results in a better outcome for the client.

Qualifications

Builder (Medium Rise)

Qualified Carpenter

WITH MORE THAN 20 YEARS OF PRACTICAL ON-THE-JOB CONSTRUCTION EXPERIENCE, BILL IS RECOGNISED BY THOSE AROUND HIM FOR HIS CLEAR COMMUNICATION AND NO-NONSENSE APPROACH TO GETTING THINGS DONE. HE IS CONFIDENT, CAPABLE AND CREATIVE WHEN IT COMES TO ADDRESSING ISSUES AND SOLVING PROBLEMS, AND HAPPIEST WHEN HE SEES HIS SOLUTIONS TRANSLATE TO RESULTS THAT DELIGHT THE CLIENT.

Bill manages site and administrative support staff to ensure project milestones are met and that the highest levels of quality are maintained at every stage throughout the construction process. He liaises with the design team, manages relationships with external design consultants as well as costs in accordance with nominated budgets. He also keeps the client in the picture from commencement to well after occupancy. Bill prides himself on his capacity to respond effectively to client changes, often at short notice, while remaining focused on getting the project completed on or before schedule.

I combine what I've learnt over the years with a cast iron commitment to service and solutions. This is what I bring to every Spaceframe project.

WAYNE PRINGLE

BUSINESS DEVELOPMENT MANAGER

My years of practical experience, together with Spaceframe's proven performance in seeing past problems and pushing possibilities, combine to create building outcomes that last well beyond the day we hand over the keys.

Qualifications

Diploma in Building and Construction
Builder (Medium Rise)
Accredited Professional Green Building Council Australia

Professional Memberships

Property Council of Australia
Urban Development Institute of Australia
Queensland Master Builders Association

I use my real-life experience to visualise a client's requirements and convert that into a finished project in the most time and cost efficient building method. By combining years of practical hands-on know-how with Spaceframe's proven systems and methodologies, I'm able to guide clients to the best solutions with confidence and certainty.

WAYNE IS A GOOD LISTENER WITH WELL DEVELOPED COMMUNICATION SKILLS.

These attributes mean that he is able to really understand his clients' needs from day one and provide them with quality advice and solid solutions throughout the project lifecycle. It also results in high levels of trust and confidence which he says are immensely satisfying aspects of his role.

Wayne's honest and straight forward approach and extensive industry knowledge fit naturally and comfortably into the Spaceframe way. These attributes mean that he is able to really understand his client's needs from day one and provide them with quality advice and solid solutions from the outset of the project life.

It also results in a high level of trust and confidence being developed from the outset, which he says are immensely important and satisfying aspects of his role which lead to long term relationships being constructed.

Wayne remains deeply involved throughout project lifecycles, helping to ensure lines of communication remain open, processes are streamlined and the impacts of any issues that arise are minimised. He is a committed and fearless problem solver with an innate capacity to identify high value solution, which are both time efficient and economically viable to the project as a whole.

GEOFF CLARK

CONSTRUCTION MANAGER

Some projects present one-off situations that call for intuitive thinking to achieve the best results. That's where my years of practical experience, together with Spaceframe's resources, proven processes and commitment to always make it right really set us apart.

Qualifications

Qualified Carpenter
Licensed Builder
Associate Diploma in Building Science

GEOFF'S EXPERIENCE, HIS EFFICIENT AND PRACTICAL APPROACH TO HIS WORK AND HIS EMPHASIS ON GOING ABOVE AND BEYOND WHAT IS REQUIRED, ENSURE PROJECTS ARE DELIVERED 'HASSLE FREE', ON TIME, ON BUDGET AND TO A STANDARD THAT ALWAYS PLEASES THE CLIENT. GEOFF ALSO UNDERSTANDS THE IMPORTANCE OF BEING A GOOD LISTENER AND PROVIDING QUALITY COMMUNICATION WITH THE CLIENT FROM THE VERY START OF EACH PROJECT TO COMPLETION AND BEYOND.

More than 25 years of my 30-year career in the construction industry have been spent growing with Spaceframe as it extended its reach and reputation for quality outcomes for its clients over the years. I bring my honesty, care and a capacity to think 'outside the box' to every project, indeed every task. I'm also known for my careful attention to every necessary detail to ensure things are done right first time, every time.

Geoff works across multiple fronts with a perceptive understanding of what's really needed by all parties throughout the construction process. He sees value for the client in being able to leverage his extensive experience to quickly get on top of issues as they arise and produce the kind of solutions that mark Spaceframe as leaders in their field.

JUSTIN MENDIOLEA

CHIEF DESIGN ENGINEER / DESIGN MANAGER

The effective and efficient way in which Spaceframe is able to deliver projects in the Industrial space is Industry leading and a testament to the in-house knowledge the team has gained over decades of successful delivery throughout Australia.

Qualifications

Chartered Professional Engineer (CPEng)
Registered Professional Engineer Queensland (RPEQ)
Registered Engineering Victorian Building Authority
Green Star Accredited Professional (GSAP)
Masters of Environmental Management & Sustainability
Graduate Certificate of Business and Project Management
Bachelor of Civil Engineering (Hons - Class IIA)

BACKED BY OVER 10 YEARS OF CONSULTING EXPERIENCE, JUSTIN HAS DELIVERED STRUCTURAL AND CIVIL ENGINEERING SOLUTIONS ACROSS A BROAD RANGE OF SECTORS - INCLUDING COMMERCIAL, INDUSTRIAL, EDUCATION, LOCAL GOVERNMENT, AND RESIDENTIAL AGED CARE - THROUGHOUT QUEENSLAND AND ABROAD IN THE UNITED KINGDOM.

In his role as Chief Design Engineer / Design Manager at Spaceframe, Justin has been guiding the structural and design teams since 2021, driving excellence across a diverse project portfolio.

He brings both technical expertise and local knowledge to every project. A strong advocate for sustainable design, he is a key player in Spaceframe's sustainability efforts, working on numerous Green Star Accredited projects.

After 10+ years in consulting, I've worked with many builders in the industrial space - but none compare to Spaceframe. The speed, quality, and consistency of delivery, driven by decades of in-house expertise and a true D&C approach, is unmatched in the industry. The high rate of repeat clients says it all.
